

INTERACTIVE KIOSK MODEL 70-B

INFORM. ANNOUNCE. COMMUNICATE.

Dynamic Communication

inSceneINTERACTIVE kiosks are an excellent way to attract and engage your audience and create a positive impact for your brand. Load videos and images via our content management software and set up multiple zones on your screen for viewers to access. Then assign weblinks to each zone. Simple, intuitive and fun to use, interactive kiosks provide real added value at trade shows, exhibitions, promotional events, in-store promos or public spaces.

Our intuitive content management software allows you to modify existing content or upload new content on the fly. Optimizing client communication has never been so easy!

inSceneINTERACTIVE ensures outstanding quality and service thanks to our experienced and professional team, our powerful technology and reliable products.

**DYNAMIC
COMMUNICATION TOOL**
Dynamic signage makes it possible to adapt your messages to different markets.

**EFFECTIVE MULTI-MEDIA
SOLUTION**
Build your brand using images and videos in the same broadcast.
Optimal return on investment and rapid results through your marketing strategy - made dynamic.

**ECONOMICAL**
Dynamic communication allows for multiple messages to be broadcast over the life of your marketing campaign – then re-tailored to fit the next campaign. You can even test your message's performance to optimize its effectiveness.

**SIMPLE, FLEXIBLE
BROADCASTING**
Our easy-to-use management software lets you remotely plan the broadcast of your changing content in minutes.
